

Important Product Safety Notice

Product Safety Recall

16th March 2026

 **Sensory Blocks (code:73281)**

We have identified that the 73281 Sensory Blocks product may contain trace levels of asbestos. While the overall risk is considered to be minimal, asbestos should not be present in any amount. As a precautionary measure, we are therefore issuing a recall for this product.

Commotion (Europe) BV is committed to the quality and safety of its products, and we have taken this action to ensure the continued safety and well-being of our customers.

This recall relates to a specific batch of the product – batch code 2627, which was sold between July 2025 - March 2026 within Europe.

We are advising customers to stop the sale of this product 73281 Sensory Blocks.

Follow the instructions below for details on the disposal of this product and obtaining a refund.

What you need to do:

- Check the item code –73281 and batch code 2627 on the product label or packaging close to the barcode.
- If it is the product detailed above, stop the sale of the product with immediate effect

- Place the stock in a heavy-duty plastic bag and double tape it securely.
- Please contact the municipality or waste collector. They can advise you on the best place and how to dispose of it.
- Please email the team below including a photograph of the batch code either from the box packaging or the product and the team will organise a full credit for you.

Customer Services: Monday – Friday 8.30am – 5.00pm (GMT)
